

Application No.: 09/735173

In the Claims:

Please cancel claim 29 without prejudice.

Please cancel claims 30-37 as drawn to a non-elected invention.

Please amend claims 25, 27, and 28 as follows:

1-24. (Canceled)

25. (Currently Amended) A bispecific molecule comprising an autocrine growth factor specific for a tumor cell and an antibody or antigen binding fragment thereof which binds to FcγRI on the Fc-receptor of an effector cell at a site that is not inhibited by endogenous immunoglobulin.

26. (Original) The bispecific molecule of claim 25, wherein the tumor cell is a human small-cell lung carcinoma cell.

27. (Original) The bispecific molecule of claim 26, wherein the autocrine growth factor binds to the gastrin-releasing peptide receptor of the human small-cell lung carcinoma cell.

28. (Original) The bispecific molecule of claim 27, wherein the autocrine growth factor is selected from the group consisting of bombesin and gastrin-releasing peptide.

29-37. (Canceled)
